Outcome Goal and Reference Indicators

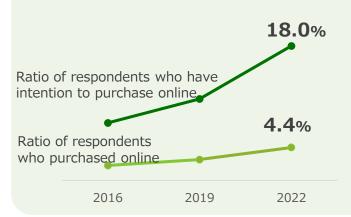

Outcome Goal

A Society where next generations can be nurtured with confidence in the future

Reference Indicators¹

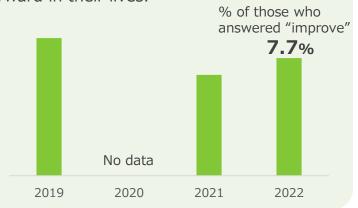

O1 | Market penetration rate of online life insurance

We offer simple coverages, affordable premiums, and convenient procedure online, and contribute to expansion of online life insurance market.

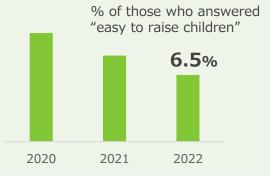

O2 Prospect for the future life

We want customers to leave their worries about the future to convenient and useful online life insurance and use the money and time they have saved to help them move forward in their lives.

03 Ease of raising children

In particular, we see the declining birthrate and aging population as important social issues, and we contribute to creating a society where people want to raise children.

^{1.} The market penetration rate of online life insurance is measured based on "the percentage of respondents who want to purchase via the Internet in the future" and "the percentage of those who have actually purchased via the Internet" in the "Survey on Life Protection" by the Japan Institute of Life Insurance." Prospect for the future life is measured based on "the percentage of respondents who answered "improve" about the prospect of the future lifestyle" in the "Public Opinion Survey on the Life of the People" by the Cabinet Office. Ease of raising children is measured based on "the percentage of respondents who answered "It is easy to raise children" in the "Public Opinion Survey on Social Awareness" by the Cabinet Office.

IFRS Reporting

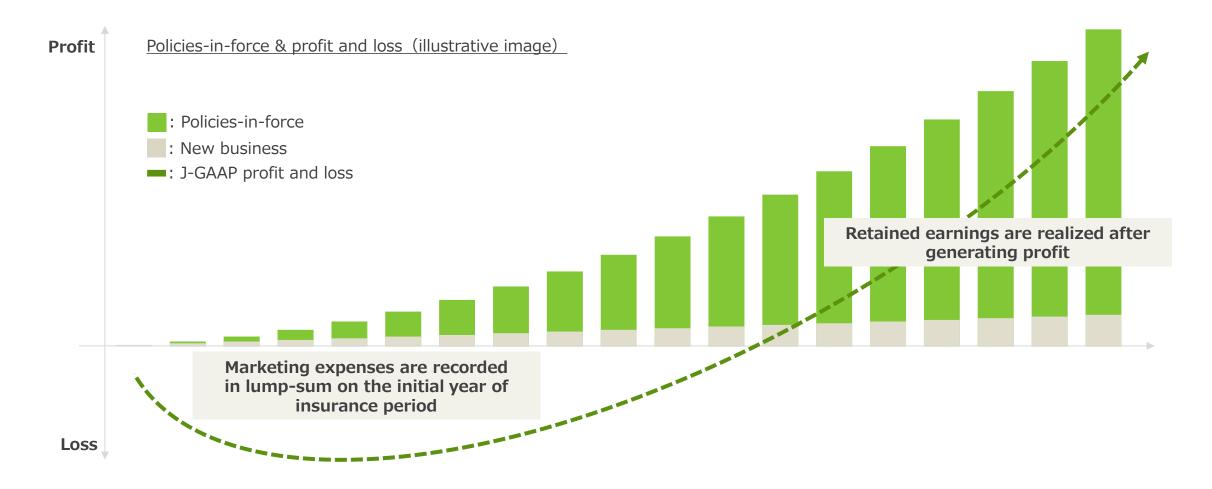

- IFRS adoption better presents periodic performance and profitability from policies-in-force
- Capital adequacy and dividends are regulated by statutory accounting standards (J-GAAP)

| | Statutory Accounting (J-GAAP) | Embedded Value | IFRS 17 |
|------------------------------|---|--|--|
| Important perspective | Financial soundness for policyholder protection | Economic value of insurance policies including future profit | Recognition of revenue based on the retention of in-force business |
| Timing of profit recognition | Acquisition expense is recognized at the time of acquisition. | The expected profit for the policy period is immediately recognized. Year1 | The expected profit is allocated <u>over the term</u> <u>of the policy</u> . |
| | Year1 Year2 Year3 Year4 profit | present value of profit | Year1 Year2 Year3 Year4 profit |

Dividend Policy

Aim for the increase in total shareholder return by capital gain¹

LIFENET Manifesto

Sincere, Easy-to-understand, Affordable and Convenient

I. Our Guiding Principles

- (1) Creating the future of the life insurance without losing sight of its original premise: "an ounce of prevention is worth more than a pound of cure."
- (2) Listening to what our customers are saying. Recognizing their needs and acting accordingly. Allowing our actions to be borne out of their voices and needs.
- (3) Delivering the caliber of products and services that we would feel confident recommending to our own friends and families.
- (4) Being a "straight-shooter". Committing to transparency. Communicating openly about our management team, our products, and our employees.
- (5) Embracing diversity and dialogue to keep us abreast of changing needs and preferences. Delivering peace of mind that we'll be around in 100 years.
- (6) Acting in good faith means always taking the high road when it comes to compliance and ethics.

III. Making Life Insurance Accessible Again - Affordable

- (1) Giving the customer what he/she needs. No more, no less at a fair price.
- (2) Staying vigilant as to how we can provide our products more cost-efficiently.
- (3) Always putting ourselves in our customers' shoes in thinking about how to minimize their premiums.

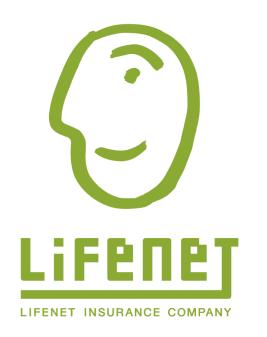

II. Making Life Insurance Accessible Again - Headache-free

- (1) Helping the customers help themselves. By making our materials easy to understand, customers can determine which coverage is truly the best fit.
- (2) Turning "clauses" in the insurance contract into succinct points that your grandmother could grasp.
- (3) Making all touch points headache-free. Beyond the application process, ensuring the claims and billing processes are also easy to understand.

IV. Making Life Insurance Accessible Again - Convenient

- (1) Thinking about our customers' convenience from every angle and every touch point along the way.
- (2) Forming alliances with like-minded partners who can add value above and beyond our products and services to our customers.
- (3) Providing health and wellness tips beyond the framework of life insurance to create value in our policyholders' lives.
- (4) Creating a precedent for future generations as to what life insurance is (and should be) all about.

We wish to be a company that helps our customers embrace life more fully. In order to live out that vision, we continue to challenge ourselves.
