LIFENET INSURANCE COMPANY

(Securities Code: 7157, TSE Mothers)

### Financial Results for 3Q of Fiscal 2013 Ending March 31, 2014 Policies-in-force exceeded 200,000 on February 12, 2014

TOKYO, February 14, 2014 - LIFENET INSURANCE COMPANY (TSE Mothers 7157, President & COO Daisuke Iwase, URL: <a href="http://ir.lifenet-seimei.co.jp/en/">http://ir.lifenet-seimei.co.jp/en/</a>) discloses the financial results for the third quarter and the nine months ended December 31, 2013.

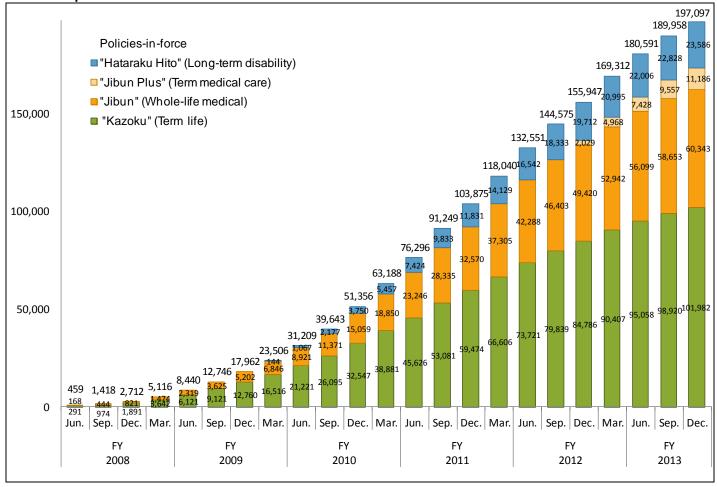

#### 1. Overview of the financial results for 3Q of Fiscal 2013

#### (1) Business results

### Condition of policies-in-force

The number of new business in the 3Q ended December 31, 2013 was 10,204 (74.1% of 3Q of fiscal 2012) and the number for the nine months ended December 31, 2013 was 36,981 (83.1% for the nine months ended December 31, 2012). The number of policies-in-force as of December 31, 2013 totaled 197,097 (116.4% of March 31, 2013), exceeding 190,000 on October 2, 2013, annualized premium as of the end of 3Q stands at 7,853 million yen (114.2% of March 31, 2013). Policies-in-force totaled 200,000 on February 12, 2014. The surrender and lapse ratio for the nine months ended December 31, 2013 was 6.6% (6.3% for the nine months ended December 31, 2012).

New Business (3Q)	FY2013	FY2012	Year on year

Surrender and Lapse	Nine months ended Dec. 31, 2013	Nine months ended Dec. 31, 2012	FY2012
Surrender and lapse ratio*2	6.6%	6.3%	6.4%

<sup>\*1:</sup> Sum insured of new business and sum insured of polices-in-force are the sum of death coverage, and do not include third-sector insurance.

<sup>\*2:</sup> The surrender and lapse ratio is the annual equivalent of the monthly number of policies surrendered and/or lapsed divided by the monthly average number of policies-in-force.

#### **Results of operations**

Insurance premiums and other for the nine months ended December 31, 2013 increased significantly to 5,559 million yen (130.5% of the nine months ended December 31, 2012) due to the increase in the number of policies-in-force. Investment income grew to 41 million yen (110.3% of the nine months ended December 31, 2012). Other ordinary income was 5 million yen. As a result, ordinary income for the nine months ended December 31, 2013 amounted to 5,607 million yen (128.9% of the nine months ended December 31, 2012).

Insurance claims and other increased significantly to 889 million yen (245.8% of the nine months ended December 31, 2012) due largely to the increased number of policies-in-force and claim payments for the term life insurance "Kazoku". Provision for policy reserves and other came to 2,168 million yen (221.7% of the nine months ended December 31, 2012). As the calculation formula of policy reserves was changed for refinement in the 3Q ended December 31, 2012, the effect of changing the calculation formula of policy reserves on provision for policy reserves was a 445 million yen decrease. Tighter control of advertising expenses led to operating expenses amounting to 3,038 million yen (81.0% of the nine months ended December 31, 2012). The components of operating expenses are 1,446 million yen in marketing expenses including advertising (68.5% of the nine months ended December 31, 2012), 461 million yen in customer service expenses (114.8% of the nine months ended December 31, 2012), and 1,130 million yen in system and other expenses (91.5% of the nine months ended December 31, 2012). Marketing expenses per number of new business totaled 39,110 yen, compared with 47,487 yen for the nine months ended December 31, 2012.

Amortization cost of deferred assets under Article 113 of the Insurance Business Act totaled 795 million yen because the deferred assets recognized before fiscal 2012 are expected to be amortized using the straight-line method until fiscal 2017, the tenth year after commencing business operations. In fiscal 2013, the sixth year after commencing business operations, newly incurred expenses can no longer be recognized as deferred assets under Article 113 of the Insurance Business Act, which recorded 2,069 million yen in the nine months ended December 31, 2012.

Consequently, ordinary expenses for the nine months ended December 31, 2013 totaled 7,184 million yen (176.8% of the nine months ended December 31, 2012).

As a result, ordinary loss totaled 1,577 million yen for the nine months ended December 31, 2013, compared with ordinary income of 285 million yen for the nine months ended December 31, 2012. Ordinary loss before deferred expenses and amortization of deferred assets under Article 113 of the Insurance Business Act improved to 782 million yen, compared with 1,101 million yen in the nine months ended December 31, 2012. Accordingly, net loss was 1,561 million yen, compared with the net income of 176 million yen for the nine months ended December 31, 2012.

In addition, fundamental profit, which is an indicator for the profitability of life insurance companies, amounted to a 1,439 million yen loss (fundamental profit of 485 million yen for the nine months ended December 31, 2012). For details, please refer to "(4) Fundamental profit" on page 11.

<sup>\*1:</sup> Provision for policy reserves and other before 445 million yen of the effect of changing the calculation formula of policy reserves on provision for policy reserves was 1,422 million yen, 152.4% of nine months ended December 31, 2012.

#### Insurance payment results

In the 3Q of fiscal 2013, there were 1,348 insurance payment cases resulting in 266 million yen; 150 million yen in 11 insurance claims and 116 million yen in 1,337 benefits. As a result, the amount of insurance payments made in the nine months ended December 31, 2013 was 837 million yen in 3,338 cases, 528 million yen in 33 of which were insurance claims and 309 million yen in 3,305 benefits.

Lifenet believes the most important responsibility for an insurance company is to make claim

payments accurately without delay, based on our Manifesto (<a href="http://ir.lifenet-seimei.co.jp/en/company/manifesto.html">http://ir.lifenet-seimei.co.jp/en/company/manifesto.html</a>), and we strive to continue to accomplish this. Lifenet makes every effort possible to ensure payment of insurance claims and benefits are made to the designated account within 5 business days of receiving all necessary documents. In the nine months ended December 31, 2013, the average insurance payments were made in average of 3.64 business days.

We have also added content to our customer support website to help customers find answers and dispel any uncertainties. In order for our customers to understand the payment process as well, we have conducted interviews with customers who have received insurance benefits and have made the content available on our website from January 27, 2014.

#### **Customer inquiry report**

In the 3Q of fiscal 2013, we received a total of 15,865 inquiries, with 290 cases being complaints. The total number of inquiries received in the nine months ended December 31, 2013 stands at 49,436 with a total of 911 complaints.

At Lifenet, we view customer inquiries as a valuable asset to continuously better our products and services. All inquiries received are compiled and analyzed, and are reflected directly in our daily operations by the company as a whole for the purpose of maximizing customer satisfaction. Such unending efforts were acknowledged, and Lifenet had been given the rating of three stars in the 2013 HDI Contact Center Rankings (Life Insurance Industry) in two categories, "Contact Center" and "Support Portal (Website)" for second consecutive years, hosted by HDI-Japan (Help Desk Institute/ThinkService Inc.) this past November.

#### **Contact Center**

### Support Portal

Number of customer inquiries	49,436	50,841	97.2%
Number of complaints	911	373	244.2%

#### **Asset management**

In the 3Q of fiscal 2013, all assets under management excluding securities held for capital alliances continued to be invested in yen-denominated interest-bearing assets such as public and corporate bonds with high credit ratings, centered on Japanese government bonds. Lifenet recognizes the impact of changes in the macro investment environment on its investment income is limited, given that its assets are managed based on its policy of limiting risks as explained above. Lifenet has invested in monetary trust to consider the possibility of diversifying of its asset management by foreign bonds and other measures in the future. Lifenet is holding shares of Advance Create Co., Ltd., an insurance sales agent for the purpose of maintaining equity and business partnerships, and Kyobo Lifeplanet Life Insurance Company, which is an online life insurer jointly established with Kyobo Life Insurance Co., Ltd in September 2013.

Under this asset management policy, total assets as of December 31, 2013 amounted to 20,879 million yen (20,450 million yen as of March 31, 2013). Among these, assets under management totaled 15,023 million yen (13,841 million yen as of March 31, 2013), which is the sum of cash and deposits, and securities. In the nine months ended December 31, 2013, the yield rate of all assets under management was 0.39%, and the modified duration of the securities was approximately 3.45 years as of December 31, 2013, compared with approximately 2.20 years as of March 31, 2013, due to the investment in long-term bonds.

### Other accomplishments

In the 3Q of fiscal 2013, Kyobo Lifeplanet Life Insurance Company, the new joint venture, founded in Korea by Lifenet and Kyobo Life Insurance Co., Ltd., acquired a formal life insurance license by the Financial Services Commission in Korea and commenced business operations on December 2, 2013. Kyobo Lifeplanet will aim to become the leading online life insurance company in Korea, firstly by achieving 100,000 policies-in-force by the end of 2016.

Lifenet's smartphone life insurance application service, the first in the industry <sup>1</sup> in June 2012, was awarded the "2013 Good Design Award", hosted by the Japan Institute of Design Promotion. In order to accommodate the diversification of the internet usage environment of consumers, Lifenet has added smartphones to device lineup from which consumers may apply for life insurance policies. Lifenet renewed its smartphone site on October 28, 2013, making various services such as applying for policies and services for policy holders more convenient. With this renewal, it was possible for customers with medical conditions or symptoms that required detailed declarations to apply for policies via smartphones. In addition, customers now have a seamless life insurance policy application system from smartphones and computers. "My Page" functions were also expanded; customers can now apply for additional policies and apply to reduce coverage, confirm the details of their policies, change registered information such as payment methods and addresses, and change the beneficiary of their policies from smartphones and computers.

Lifenet was ranked 1st in the Oricon Client Satisfaction Rankings 2014 for "Insurance Premium Satisfaction" in the Medical Insurance Category hosted by Oricon Inc. based upon the satisfaction of customers who have received benefits for an illness or injury. This was resulted from reducing the costs and time required for customers to claim benefits by omitting the submission of medical certificates and sending "Lifenet Letters" to customers for accurate payments. Lifenet was awarded with the "2013 CRM Best Practice Award" sponsored by CRM Association Japan, and the "Fuji Sankei Business i Award" which is granted to one company amongst the winners of the CRM Best Practice Award. In addition, Lifenet received a rating of three stars in the 2013 HDI Contact Center Rankings.

On top of the initiatives above, we also have continued to take an active approach to the internet-based marketing activities, such as with a new type of website "SETSUYAQUEST" that involves user participation, and offering recommendations and information on restaurants that are child-friendly using the popular website, "Tabelog" from Kakaku.com Inc.

Please refer to "(3) Topics" on page 10 for full report on 3Q topics.

\*1: Lifenet (June 2012)

### (2) Financial condition

#### Assets, liabilities and net assets

Total assets as of December 31, 2013 amounted to 20,879 million yen (20,450 million yen as of March 31, 2013). To diversify of its asset management, monetary trust was newly held in 1,000 million yen. The major account balances were 13,563 million yen in securities mainly consisting of government bonds and corporate bonds with high credit ratings. Lifenet has invested 764 million yen in the new joint venture Kyobo Lifeplanet Life Insurance Company with Kyobo Life in Korea in the second quarter ended September 30, 2013, and 4,505 million yen in deferred assets under Article 113 of the Insurance Business Act due to amortize.

Liabilities amounted to 6,314 million yen as of December 31, 2013 (4,379 million yen as of March 31, 2013), owing to an increase in policy reserves as a result of the increased number of policies-in-force. The major account balances were 5,410 million yen in policy reserves (including 1,136 million yen in contingency reserves), and 301 million yen in reserves for outstanding claims.

Net assets decreased to 14,564 million yen as of December 31, 2013 (16,071 million yen as of March 31, 2013), as a result of recording a net loss for the nine months ended December 31, 2013.

The solvency margin ratio as of December 31, 2013 was 1,816.2% (2,266.0% as of March 31, 2013), which indicated that an adequate level of payment capacity was maintained. For details, please refer to "(5) Solvency margin ratio" on page 13.

Assets, Liabilities and Net Assets	Dec. 31, 2013	Dec. 31, 2012	Mar. 31, 2013
Total assets	20,879	20,008	20,450
Money held in trust	1,000	-	-
Securities	13,563	13,368	13,488

Solvency margin ratio	1,816.2%	2,517.2%	2,266.0%

### **Cash flows**

For the nine months ended December 31, 2013, net cash provided by operating activities amounted to 1,373 million yen (201 million yen used for the nine months ended December 31, 2012), recording quarterly positive operating cash flows continuously from the 3Q ended December 31, 2012. This is attributable to the fact that, despite an increase in insurance payments, there was an increase in insurance premiums and other and controlled operating expenses. Net cash used by investing activities amounted to 1,290 million yen (147 million yen provided for the nine months ended December 31, 2012). Net cash provided by financing activities amounted to 24 million yen (3 million yen used for the nine months ended December 31, 2012).

Based on these activities described above, cash and cash equivalents as of December 31, 2013 totaled 459 million yen (353 million yen as of March 31, 2013).

Cash Flows (Nine months ended Dec. 31)	FY2013	FY2012	Increase/ Decrease
Cash flows from operating activities	1,373	(201)	1,574
Cash flows from investing activities	(1,290)	147	(1,438)
Cash flows from financing activities	24	(3)	27

Kyobo Lifeplanet Life Insurance Website (https://www.lifeplanet.co.kr/startmain/main.dev)

### (4) Fundamental profit

Life insurance premiums are calculated based on three factors: expected incidence rate (mortality rate, hospitalization rate, etc.), expected business expense rate (covered by expense loading), and expected return rate. Fundamental profit at a life insurance company is generated by the difference between these expected rates and actual rates. Profit analysis, in the case of life insurers, means identifying the factors that affect fundamental profit by calculating the differences.\*<sup>1</sup>

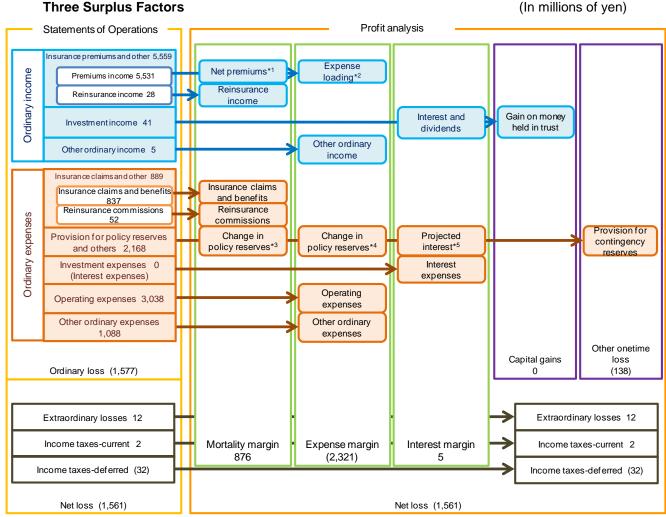

- Mortality margin: The difference between expected insurance claim and benefit payouts (expected incidence rate) and the actual payouts
- Expense margin: The difference between expected business expenses (expected business expense rate) and the actual business expenses
- Interest margin: The difference between the expected asset management yield (expected return rate) and the actual yield

In the nine months ended December 31, 2013, fundamental profit and three surplus factors are as follows: the mortality margin decreased to a profit of 876 million yen due to the effect of changing the calculation formula of policy reserves on provision for policy reserves in the 3Q ended December 31, 2012 in spite of an increase in insurance premiums, the interest margin was 5 million yen due to investment income and the expense margin was a 2,321 million yen loss because newly incurred expenses can no longer be recognized as deferred assets under Article 113 of the Insurance Business Act from this fiscal year. As a result, fundamental profit recorded 1,439 million yen loss.

Fundamental Profit (Nine	FY2013	FY2012	Year on year	
Fundamental profit	(i)	(1,439)	485	-
Mortality margin		876	1,216	72.1%
Expense margin		(2,321)	(753)	-
Interest margin		5	21	23.9%
Capital gains	(ii)	0	-	-
Other onetime loss	(iii)	(138)	(200)	-
Ordinary profit (loss)	(iv)(=(i)+(ii)+(iii))	(1,577)	285	-
Extraordinary loss, income	tax, etc. (v)	16	(108)	-
Net income (loss)	(vi)(=(iv)+(v))	(1,561)	176	-

<sup>\*1:</sup> Lifenet has adopted actuarially reasonable methods for its profit analysis. Details of calculation methods, however, may differ from those adopted by other life insurance companies. The five-year Zillmer method is used for calculations of premium breakdowns, and gains from lapsed or surrendered policies are included in the expense margin.

- \*1: Insurance premiums are comprised of the "risk premium," which is applied to the payment of insurance claims for the applicable year, and the "investment portion of the premium," which is applied to accumulate the premium reserve in preparation for future payments
- \*2: The portion of the insurance premium that is applied to business expenses and other company expenditures.
- \*3: Change in the claim reserve, comprised of the net increase in the premium reserve (covered by the investment portion of the premium) and the portion that is tapped in order to make payments, such as on death policies, etc.
- \*4: The premium reserve that is tapped due to the fact that accumulation is no longer necessary as a result of policy surrender or lapse.
- \*5: The interest portion factored into the calculation of the premium reserve in advance.
- \*6: Some items with minimal amounts have been omitted.

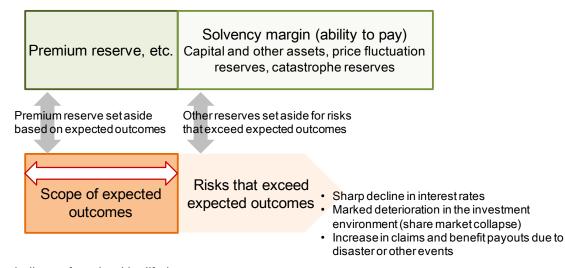

### (5) Solvency margin ratio

As of December 31, 2013, the solvency margin ratio was 1,816.2%, a decrease from March 31, 2013. This is mainly due to the decrease in net assets, increase in policies-in-force and the investment in Kyobo Lifeplanet, the joint venture in Korea leading to a rise in the amount of total risks.

			(In millions of yen)
	Solvency margin :	Risk total × (1/2)	= Solvency margin ratio
December 31, 2013	11,226	1,236 × (1/2)	1,816.2%
March 31, 2013	11,790	1,040 × (1/2)	2,266.0%
December 31, 2012	12,244	972 × (1/2)	2,517.2%

#### What is the solvency margin ratio?

The solvency margin ratio is an important financial indicator and a key benchmark for industry regulators. It measures a life insurance company's ability to pay out claims when unforeseen events occur, such as a natural disaster or a stock market collapse. Specifically, the solvency margin ratio is calculated by dividing the total for net assets and other internal reserves and items such as unrealized gains (solvency margin total = ability to pay) by the total for quantified risks. In Japan, a solvency margin ratio of at least 200% is seen by industry regulators as one

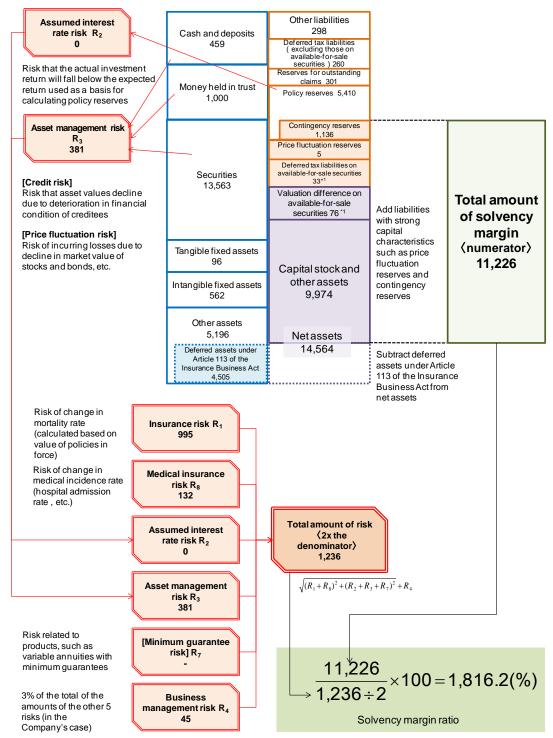

indicator for a healthy life insurance company.

### Solvency margin ratio calculation (as of December 31, 2013)

(In millions of yen)

Items that do not apply to the Company or for which the amount is minimal have been omitted, except for certain bracketed items.

<sup>\*1: 90%</sup> of the valuation difference on available-for-sale securities (pre-tax) (if negative, 100%)

#### (6) Business forecasts

In the mid-term business plan for fiscal 2015, announced on May 15, 2013, Lifenet decided its management goal of achieving 15 billion yen in ordinary income, pushing the company toward profitability (based on ordinary profit before amortization of deferred assets under Article 113 of the Insurance Business Act) in fiscal 2015.

Lifenet will not be disclosing earnings forecasts for fiscal 2013, however, for the following reasons:

- \* There is a significant risk of fluctuation in profit and loss due to insurance claims and benefits payments, as the number of policies-in-force is still insufficient.
- \* Results in financial statements tend to differ from economic reality due to the conservative stance of life insurance accounting pursuant to the Insurance Business Act which emphasizes the protection of policyholders.

Lifenet will strive to gain support and understanding from all of its stakeholders by promoting active information disclosure in accordance with its Manifesto. This includes enhanced and accelerated disclosure of various reports such as quarterly financial statements and monthly sales results, and enrichment of the content of its mid- to long-term business plans and strategies among other efforts.

In this fiscal 2013, the sixth year after commencing business operations, newly incurred expenses can no longer be recognized as deferred assets under Article 113 of the Insurance Business Act, while the deferred assets recognized before fiscal 2012 will continue to be amortized using the straight-line method until fiscal 2017, the tenth year after commencing business operations. Therefore, the only negative impact of the amortization of deferred assets will be recognized in the business results for the fiscal years from fiscal 2013 through fiscal 2017 and amortization cost of deferred assets will record 1,060 million yen each year from fiscal 2013 onward.

### About LIFENET URL: http://ir.lifenet-seimei.co.jp/en/

Returning to the original purpose of life insurance - mutual support - LIFENET INSURANCE was founded with the goal of offering simple, convenient and competitively priced products and services based on the highest levels of business integrity. We sell these products and services directly to customers over the Internet. By using the Internet, we are able to offer highly cost-competitive products and accept applications from customers at any given time.
